Dear Southern Nevada Manufacturing & Tech Forum Attendees,

I wanted to thank you for attending the recent Nevada Manufacturing & Tech Forum at the Shelby American Museum and Conversion Factory. While our goal had been to survey you directly following the event on what you'd like to see in future forum meetings, business conditions have rapidly changed in ways that no manufacturer could have imagined. So, at this time we feel it is more important that we address your current needs given the current COVID-19 and economic crisis.

To address your current needs, NVIE will be holding a complimentary webinar on March 27th from 1 - 2 pm. During this webinar, NVIE will focus on HR Issues and share services we offer to help you keep your business running, and find growth opportunities even through these difficult times. Additionally, teaming together with LVGEA and GOED we are conducting surveys to better understand the capabilities of Southern Nevada manufacturers. So as opportunities arise to take on new business both regionally and nationally we can work together to give Nevada manufacturers an opportunity to support critical industries during this crisis.

Thanks for all you are doing to build Nevada's advanced manufacturing economy; working together, we will get through this!

Mark Anderson
Director Nevada Industry Excellence

For information please contact NVIE Deputy Director, Jeff From (702) 575-0977
